## What is "direct visitor spending" and why does it matter?

Direct visitor spending are those dollars that a visitor exchanges with businesses in the five categories shown in the pie chart (below). It does not include indirect spending (ex: B2B purchases) or induced spending (ex: employee wages spent in the local economy). **Visitor spending injects real money into the local economy and generates taxes for local and state government budgets.**

## Who counts as a visitor?

Someone who completes any journey for business or pleasure, outside their normal community and not part of a normal routine.

- **Day visitor:** one whose trip involved travel >50 miles from home, spending time in destination market, and returning home to sleep.
- **Overnight visitor:** one who spent one or more nights in a lodging facility, short-term rental, the home of friends/family, etc.

Below is a modeled estimate of county visitation illustrating how visitors to this county factor into the overall state visitor totals.

**Note:** Local DMOs may publish their own visitation numbers. Do not compare this visitation data to other state, national, or local models. Methods, assumptions, and data inputs may vary.

## ABOUT THIS REPORT

Economic impact and visitation are modeled using data from Smith Travel Research, AirDNA, Arrivalist, TN Dept. of Revenue, TN Dept. of Tourist Development, US Bureau of Economic Analysis, US Bureau of Labor Statistics, US Census Bureau, Longwoods International, Visa Data Insights, and Tourism Economics. This report should not be compared with versions published before 2020 due to the changes in model and vendor.
